

Supervisor Self-Awareness Health and Safety Checklist

Ask yourself the following questions:

- ☐ Do I understand the OSHA and the Regulations that apply to the work we do?
- ☐ Can I explain these sections of the OSHA and Regulations to my workers?
- ☐ Am I informing my workers about hazards?
- ☐ Have I planned the work so that it can be done safely?
- ☐ Am I making sure equipment is operating properly?
- ☐ Am I keeping an eye on the work and showing how to do it properly?
- ☐ Am I always looking for new hazards that may come up?
- ☐ Am I responding and documenting workers problems brought to my attention?
- ☐ Am I making sure workers wear or use all protective gear and devices as required?
